Infills | £35

This method uses multiple ultra fine lash extensions, these are then fanned out onto each individual eyelash giving a fuller fluffier look.

Hybrid Lashes - Volume | £50

Infills | £30

This method is a combination of 2 techniques, classic and volume, taking the best bits from both treatments. Hybrid lashes will give you length and volume along with a fluffy look.

Lash Lift & Tint | £35

Your own natural lashes are lifted, curled and tinted giving the appearance of longer, thicker lashes. This last approximately 6 weeks.

Brow Lamination | £25

Perfect for anyone with unruly brows, or those who want that groomed, feathery look. The brows are brushed up into place, then laminating solution is applied to keep the hairs fixed in place. The brows are then tinted followed by waxing and shaping. The result is fuller, fluffier appearing brows lasting approximately 6 weeks.

Lash Lift & Tint with Brow Lamination | £50

Henna Brows | £25

Henna tint offers the perfect alternative to eyebrow tinting, without the use of ammonia or peroxide to develop the colour. Henna colours both the skin and hair allowing us to create a fuller brow and fill in any gaps. Can stain the skin for up to 2 weeks and hair for up to 6 weeks.

Profilo is one of the highest concentrations of hyaluronic acid on the market and not only does it boost and hydrates the skin, but also remodels ageing and sagging tissue. Ultra-pure hyaluronic acid is precisely injected into the area being treated. Unlike wrinkle reducing and dermal filler treatments, Profilo stimulates collagen and elastin, attracting water in the deeper layers of the skin.
